We're introducing
a new recycling product

We generate an excessive amount of waste and one of the ways in which we can help the environment is with our recycling stations and bins to make the separation of waste easier, promote recycling and at the same time, create pieces with an authentic design, adding character and aesthetic integrated into your environment.

The planet needs help; recycling is no longer optional.

RECYCLING

by Plumartis

Una Papelera con un diseño discreto y honesto adaptada a la actualidad. Disponible en tres formatos, con sus tapas de distintos colores, formando un conjunto de reciclaje estilizado. La tapa con cierre controlado, se acciona mediante pedal para poder así, evitar un contacto directo con la superficie.

A recycling bin with a discreet and honest design adapted to for the current time. Available in three formats, with different coloured lids, forming a streamlined recycling package. The lid includes controlled closure and is operated by a foot pedal in order to avoid direct contact with the surface.

Une corbeille au design simple et discret adaptée à l'actualité. Disponible en trois formats, avec leurs couvercles de différentes couleurs, elles forment un ensemble de tri sélectif de style. Le couvercle avec fermeture amortie est actionné par pédale afin d'éviter tout contact direct avec ce dernier.
